We, at GDS have producing award winning booths since 1982 and have the experience to make your booth noticed. After selling booths ranging from \$5k - \$20k such as Skyline Exhibit® and ProDisplay®, we realized that clients (including ourselves) weren't being serviced in lower cost booth units. After scouring for a number of years, we found the Exhibit as a remarkable unit at a economical cost that visually compares to the much more expensive displays. We bought one ourselves and now bring them to our clients. With our extensive design experience we can bring you a winning combination that will make you shine at your next display event! Give us a call to get you started to magnify your visibility.
